

### King Announces School Fund Aid

Congressman Cecil R. King announced from his Washington office that the Federal Office of Education has earmarked \$339,006 for the construction of a new 14 classroom elementary school in Torrance.

This money was authorized under Public Law 815, which provides for federal construction of minimum school facilities for children in highly crowded communities in areas of military or defense activities.

Congressman King has been informed that the first of the two schools for the City of Torrance will be constructed on a site selected on 236th St. and will be known as the Howard Wood School.

King pointed out that the new federal school appropriations fund will, in addition to supplying much needed expansion of school facilities to help eliminate half-day schooling, also relieve the direct tax burden on local home owners.

Ten per cent of the estimated total cost of the new Torrance school has been certified to the Torrance Unified School District and the balance will be certified as construction progresses.

In addition to providing 14 new classrooms for the area, the grant will supply funds for a health and administration unit as well as appurtenant facilities and equipment.

### Annexation Terms of Dominguez Area to Water Districts Told

Special taxes which must be assumed by the Dominguez area to join the Metropolitan Water District will amount to \$3,834,000, directors of the West Basin Municipal Water District were told yesterday.

Joseph Jensen, chairman of the board of directors of the Municipal Water District, said that the assessment would be payable in 30 substantially equal annual installments.

Directors of the West Basin District were scheduled to meet last evening to adopt an ordinance granting the Dominguez petition for annexation. Also to be considered was a resolution calling a special annexation election in the Dominguez area, possibly for Tuesday, Sept. 23.

The directors Monday set the terms for the Dominguez annexation to West Basin at \$31,412, the estimated amount the area would have paid had it been included in the original district when it was formed in 1948.

Regular meeting of the directors of the West Basin will be held Thursday evening, Aug. 28, at 6:30 at the Palos Verdes Country Club.

### Backfired Fake Name On Tickets Lands Youth In Jail

The old "you can fool some of the people all of the time" routine backfired on an 18-year-old motorist this week.

Charles W. Cheney of San Pedro was sentenced to spend the next 15 days in county jail yesterday by City Judge Otto B. Willett who imposed the fine after Cheney was brought in on a traffic warrant.

Police say they stopped him last May 26 for traffic violations and he gave his name as Charles Johnson. They also cited him for not having a driver's license.

Then on June 1, he was nabbed again. This time he told police he was Jim Nolan, and was cited for not having a license.

Judge Willett, noticed on the citation that the auto license numbers were similar—so was the handwriting—so they tracked him down. After he gets out of jail, LAPD wants him for two other tickets, Judge Willett said.
